DUCHY 60

Duchy 60

The flag ship of the Duchy Motor Launches range.

The standard layout of this model provides all the comfortable accommodation you will need for at least five guests and an interior layout that can be tailored to chime precisely with your way of life.

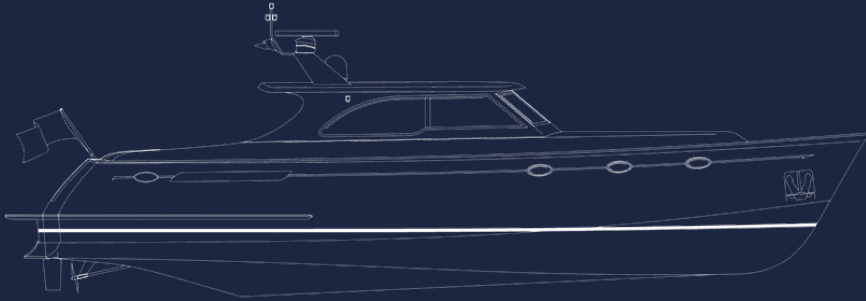

With a semi-displacement hull that will be similar to that of the Duchy 45, this splendid sea-going vessel with twin 500hp diesel engines will run smoothly and efficiently at around 24 knots.

Sleek and yet powerful, the lines of the Duchy 60 encapsulate the sense of statesmanlike presence, might and respect, that all together communicate its inherent sea keeping capabilities.

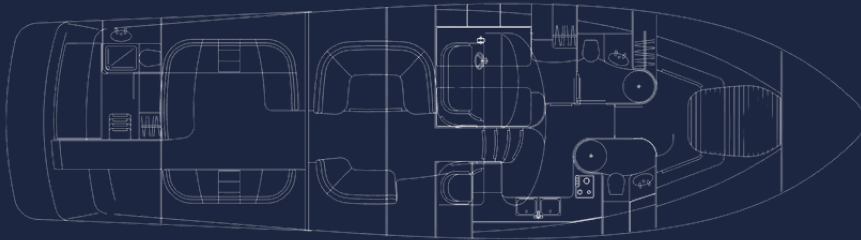

Designed for 3 cabins, and plentiful space for socialising and entertaining, the Duchy 60 will create feelings of grandeur among the palatial layout and opulent features.

While this model is currently still under development, you can discuss with us how she might be suited to you, as we continue to progress with her evolution.
